PROFILE

5th-year digital engineering student specializing in Cybersecurity, with hands-on experience in SIEM platform deployment, Kubernetes infrastructure hardening, and ISO 27001 compliance.

Focused on SOC operations, threat detection, and incident response.

Strong adaptability demonstrated during two 4-month academic exchanges: Budapest, Hungary (2024) and Padua, Italy (2025).

TECHNICAL SKILLS

Cybersecurity: SIEM Wazuh - Penetration Testing - Kali Linux - Threat Intelligence - Active Response - ISO 27001 - Intrusion Detection - SOC
Infrastructure & DevOps: Kubernetes - Helm - Passbolt - Linux - Windows - JobScheduler - Kiwi CatTools
Development: Python - Java - JavaScript - HTML/CSS - SQL - C++ - Bash/Shell
Tools & Methods: Git/GitHub - Agile/Scrum - Technology Watch - Technical Documentation

WORK EXPERIENCE

Cybersecurity Internship - IT Department, Aix-Marseille University - *Systems Resources Unit, Marseille* - March 2026 - August 2026

- Deployment and hardening of a Wazuh SIEM platform on a Kubernetes infrastructure
- Creation of detection rules and Active Response playbooks; integration of Threat Intelligence feeds
- Design of SOC dashboards and writing of full technical documentation for Wazuh

Cybersecurity Internship - Cybersecurity Department, MVE - *Monaco* - June 2025 - August 2025

- Deep dive into Kubernetes: cluster deployment and management
- Development of an automated Passbolt deployment pipeline for each client
- In-depth study of the ISO 27001 standard

Multimedia Sales Advisor Internship - DARTY - *Marseille - Cantini* - June 2024 - August 2024

- Customer advising, sales, and merchandising within the consumer electronics sector.
- Developed product knowledge and integrated effectively within a fast-paced retail team.

EDUCATION

Master's-level Degree in Digital Engineering - Cybersecurity Specialization - *ESAIP School of Engineering, Aix-en-Provence* - 2023 - 2026

- Front-end and back-end development; Windows and Linux system administration
- Cybersecurity specialization; AI introduction (Microsoft AI-900) and DevOps
- Two 4-month international study semesters: Hungary (Budapest) 2024, Italy (Padua) 2025

BTS SIO - SISR Track (Systems & Network Infrastructure Solutions) - *Lycée Charles Péguy, Marseille* - 2021 - 2023

- Systems & networks; programming: HTML, CSS, Java, Python, SQL, JavaScript, C++
- Cybersecurity; Agile/Scrum; technology watch with Feedly
- Class representative (elected 2021, re-elected 2022)

French Baccalauréat - Mathematics / Physics-Chemistry, Graduated with Honors - *Notre Dame de Sion High School, Marseille* - 2018 - 2021

LANGUAGES

French: Native **English:** Fluent (B2- TOEIC) **Italian:** Intermediate (A2)

INTERESTS

Tennis (12 years), ski, fitness, guitar, piano, travel, TV series in original version, reading, online gaming.
